### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 24-28 (Cancelled).

2. This application is in condition for allowance except for the presence of claims to an invention non-elected without traverse. Accordingly, claims 24-28 have been cancelled.

### ***Allowable Subject Matter***

3. Claims 1-23 are allowed.

4. The following is an examiner's statement of reasons for allowance: It is the examiner's opinion that the cutting apparatus as claimed in the independent claims has neither been anticipated nor fairly suggested, in part or whole, by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Moller et al. discloses a cable saw for cutting a transverse slot in

a first face of a slab of concrete.
